📊 Work Experience

October 2020 — Present

Over the last one year I have designed about 25 to 30 static and dynamics web templates and now I am looking for opportunities to apply my knowledge and experience in some Real-life projects.

Working as a Web developer

Working as a web developer is an exciting career for me because it's always evolving and constantly changing. This means I'll always have the opportunity to interact with new tools and learn new skills, keeping me engaged in my career. It's a field that provides me many opportunities for hands-on learning.

🎓 Courses

Diploma of IT, Pace Institute of IT Battagram

March 2016 — April 2017

WordPress Development, Digiskills.pk

February 2019 — January 2020
